

UROLOGY WEEK

2018

24-28 SEPTEMBER

For public awareness of urological conditions

**Gi oss én
god grunn
til å ikke
sjekke den!**

When your main priority is to enjoy life and to spend quality time with loved ones, your urological health becomes priority, too. Start now to know more about the prevention of prostate cancer. Ask your questions direct from a trusted source. **Talk to a Urologist.**
